

MANAGER'S CONFERENCE MINUTES
Portsmouth City Council Meeting on
October 13, 2014

1. **No Items For Discussion**
2. **Item added to the Agenda**
3. **Paving Beechwood Heights** – This item was added during the conference session as there have been problems with the garbage trucks having access to the road. Bob Staker requested that the City pave the road to allow for the trucks to be able to access the road more freely. He's willing to give the city an easement to his property.
Solicitor Haas stated that we needed to move forward quickly on this project before winter sets in.
Councilman Kevin W. Johnson motioned to add the item to Councils agenda at the next meeting as a Consent Agenda item.

VOTE: 5 Ayes – 0 Nays

The meeting adjourned at 7:20 on a motion by Councilman Kevin W. Johnson.
