

**Manager's Conference Minutes  
Portsmouth City Council  
June 9, 2014  
7:30 p.m.**

**General Discussion**

**1. Tax Budget 2015**

On behalf of the City Auditor, he has put together the 2015 tax budget. This is something that has to be done every year. Next meeting there were be a public hearing and he anticipates much less discussion on that hearing. The notice was given to the newspaper by his assistant notifying the public of the public hearing. The tax budget basically shows flat line spending and the purpose of the tax budget is to justify the taxes that are levied on the properties. The Resolution will need to go 3 readings. Member of the fiduciary will clearly identify the schedule.

Councilman Meadows advised that on the public notice it states that a copy can be viewed in the Mayor's office.

City Manager Allen said that he was asked to present this in the Auditor's absence, he had not review the public notice.

Councilman Saddler asked if this was the same item we gave a first reading during City Council meeting. City Manager Allen replied in the affirmative.

**Motion to adjourn by Councilman Kalb was accepted and the meeting adjourn at 7:35 p.m.**
